Waitlist

Each location listed above will have an independent waitlist. The waitlist fee is \$10 plus tax per location. Annual waitlist renewals are due by the last working day of January. Your spot on the waitlist(s) is based on the date you first registered for the waitlist. Example – first year you register on 06/01/2010. This is your date stamp. This date will carry with you as long as you continue to pay the waitlist fee annually.

Current mooring residents are eligible to reapply for the waitlist as follows:

- Boardwalk/Island – When placed in sites #19, #20, & #21 on the Boardwalk, per our rotations, you may reapply for the waitlist and receive a new date stamp.
- Chestnut - When placed in sites #5, & #6, per our rotations, you may reapply for the waitlist and receive a new date stamp.
- Jet Ski – You may reapply for the waitlist and receive a new date stamp when you pay your mooring fees for your second year.

Waitlist Placement - The Department will mail letters to waitlist who are eligible to rent the following boat mooring year. Payments of applicable fees plus sales tax must be paid in January of the year you are placed in a mooring location. Example – If receiving a slip in 2015, you must pay in January, 2015. No exceptions will be considered.

For non-boat owning residents who have accepted and paid for slips, proof of ownership is due by April 1 of the intended season. If proof of ownership is not provided by April 1, the request is voided. Exceptions will be made by the Director in cases of unexpected vacancies and short notice.

Site Assignments

The Director of Parks, Recreation and Forestry has the authority to make particular site assignments within each location to best utilize the frontage per the rotation schedule. Slips are non-transferable and cannot be subleased or rented. If the name on the boat registration changes then the slip must be vacated. Any resident who knowingly attempts to circumvent the intent of this policy (such as having multiple residents request slips on their behalf or transferring ownership) shall not be allowed to participate in the City's boat mooring program.

If an assigned mooring site is not occupied by June 15th annually, the department will contact the assigned mooring resident to inform them that the site must be occupied by July 1st or the site will be reassigned to the next available waitlist and you will be removed from the rotation. No refund. If this occurs, you must follow the waitlist, process per this policy, to be placed in the future. Extenuating circumstances will be evaluated by the Director.
