

Automated Waste Disposal & Recycling Collection Program: Assistance for the Physically Unable

The purpose of this program is to assist persons who are physically unable to utilize the automated collection system on their own and have no assistance available to them. The City of Oconomowoc has set up a program to help these residents get their recycling and refuse collected.

Qualified residents will have their carts wheeled from outside their home to the curb and then back to their home by service technicians/drivers.

To qualify for the Residential Physically Unable Roll-Out Service resident must:

1. Be unable to wheel their cart(s) to the curb for collection.
2. Have no one else who can assist them such as a spouse or other live-in family member or personal assistant.
3. Be certified by a practicing and licensed physician as needing assistance. The signing physician should be a non-family member.
4. Fill out and return the required Application for Residential Roll-Out Service. *(bottom of page)*
5. Return the Physically Unable Statement, *(page 2)* signed by your physician.
