

Per the schedule provided by the contractor:

Collins St Parking Lot Update

Update 10/14/2020 – On Monday, October 5th, the Collins Street Parking Lot was closed to owner/employee/customer parking until further notice to allow the City’s contractor to expedite the construction work.

Tenants who access their apartments via the Collins St Parking Lot are periodically asked to re-locate their vehicles to allow for pavement saw cutting and removal of existing pavement. Vehicles can return to their usual parking spots by the end of the working day. Parking is available in City Municipal Parking Lots behind the post office and South St west of S. Main St.

The “Municipal Parking Lot” map link can be accessed from the Collins St Parking Lot page on the City website.

Deliveries, refuse collection, and drop offs for individuals with accessibility needs will be accommodated by the City’s contractor.
