SCAM ALERT

The City of Oconomowoc Police Department has taken several reports today of a scam. The caller is identifying himself as Sgt. Andy Rich from the Oconomowoc (City) Police Department. He is advising potential victims that they have an active warrant for their arrest. He then states that the Oconomowoc Police Department does not take cash for the warrant, and the potential victims need to buy money packs. Once the money packs are purchased, they are given a number to call back (262-357-9290) with the card numbers.

This is a scam! Please don't hesitate to contact us with any questions related to a possible scam.

The City of Oconomowoc Police Department would never call you to advise you of an active warrant and ask you to buy money packs to satisfy an active warrant.
